Local swiss chard

Benefits

↓ It’s surprising and bold!

The leaves of Swiss chard can be prepared like spinach, making them a perfect substitute in your soups, stir-fries, gratins and many other dishes. Swiss chard can have green, red, yellow or white stems. The darker the stem, the sweeter it is!

↓ It’s an eco-friendly ally in your vegetable garden!

Some gardeners use its leaves to make a tea that they spray on slow-growing or difficult plants.

WHY EAT LOCAL?

- To gain an awareness and appreciation of the different foods growing around us.
- To purchase produce that’s picked when ripe, guaranteeing exceptional freshness.
- To encourage Quebec farmers and support our local economy.
- To preserve our territory and agricultural expertise.
- To minimize the distances travelled by our food, thereby reducing the harmful environmental impacts.
- To reduce purchases of packaged and over-packaged food.
